Q1. Read the summary given below based on the Chapter – 7
Little Red

A small girl named Little Red gets ready to visit her grandmother, Mrs. Orange. Her mother, Mrs. Green gives her freshly baked cake to take for her grandmother. She tells Little Red to be careful on the road as there are big cars and lorries that rush by fast. Little Red says to her mother not to worry as she will follow all the road rules.

When Little Red walks down the footpath carefully suddenly she hears the sound of a cuckoo bird. She feels happy to see the bird and says that it is a very nice day. Then she is surprised to see so many cars and lorries on the road. She does not understand how to cross the road. She looks to her left and to her right but the vehicles do not stop. She feels very scared. She thinks she will never be able to go to her grandmother's house.

Just then a Traffic policeman sees her and asks her if she wants to cross the road. He takes her to zebra crossing. Little Red says, " Oh I forgot! This is the place from where I crossed the road when I came here with my mother last time. The Traffic policeman explains that when the traffic light turns red on both sides, the pedestrian light turns green. He shows her the

picture of a man on the pedestrian light and says if this picture comes then you can cross the road. She thanks the policeman. Then they both cross the road together. The traffic policeman laughs and says to little Red," if you remember the traffic rules no car or bus will come near you". Little Red says, "My grandmother's house is just around the corner. Good Day, Sir!"
